LINSN-MA-500x500mm Rental Series Design innovation has its unique philosophy, Innovative structural design,avant-garde body lines,Give you extraordinary experience.

SHENZHEN LINSN LED CO.,LTD.

500mm Series Magnesium Alloy LED Display

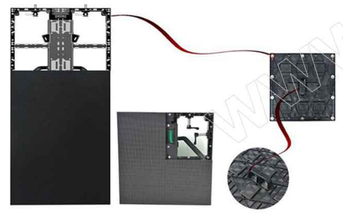
500mm Series Magnesium Alloy LED Display is Linsn representative product in LED display field, the productwith 1000mm series LED display arewidely used in stores, advertising, fashion show, rental event, enterprise,conference center and other LED display projects. This LED display cabinet is made by magnesium alloy materies, It’ s easy to install, overhaul, maintain and use because excellentstructure design and lightweight. The cabinet size is 500mm×500mm standard size to make it can be usedfor many pixels of LED panels which is 250×250mm size.

LIGHT AND THIN

Linsn magnesium alloy 500mm series led display cabinet is very thin which makes it ultra-lightweight and space saving.It Can be installed at any area without requiring much space.The light weight of 8kg/panel led screen is easy to carry, transport and install – saving good amount of money on your labor costs.

SEAMLESS DISPLAY AND VISUAL EFFECTS

The advanced assembled structure produces seamless display and visual effects, offering you the perfect visual performance you desire from your LED display. The picture quality remains high due to best quality display material.



EXCELLENT QUALITY

Linsn magnesium alloy 500mm series cabinet with Hard Connnection,it is more realiable and easier repairing than other Soft Connection LED Cabinet. LED display features four high technologies and point-to-point correcting. High refresh rate, high gray scale level, high definition and high contrast rate present excellent quality picture output in every condition.

Perfect Rendering Dynamic Picture

Smear, Ghosting Phenomenon

ULTRA FAST RESPONSE

The response speed exceeds the response limit of the naked eyes, while playing the high speed dynamic images in an LED Screen, it will have more advantages, there will be no ghosting&twisting and it will perfectly provide the dynamic images.

CURVED INSTALLATION

In order to meet the various aspects of the LED screen field. Unit magnesium alloy 500mm series led display design for Curved Installation. Curved with every 2.5° between -10°and 10°, which can make convex and concave.

Curved Lock

Accessories：

Power Cable

Data Cable

Main Power Cable

Main Data Cable

Controller &Processor

Front Maintenance Tool

Curved Lock

Hanging Bar

High Quality With Global Standards,
